

Brumadinho - Part 2

Partnership - Avenues São Paulo & Instituto Catalisador

September 13th, 2019

**Circles of Inventions
Workshop with Avenues
Teachers in May 2019**

CoI Workshop with Avenues Students:
Andresa who had previously done the teacher's workshop suggested it as a possible activity for Avenues students to organize in Brumadinho

Circle of Inventions in Brumadinho:
11th graders said it was an engaging activity for the children and promised a kit to the school E.M. Dona Manoela

Exhibit & Auction - 5th Grade

Project ReSignifying, RePurposing, ReGenerating

Students raised R\$ 6595,00 for an initiative in Brumadinho

In conversation with Anne and Sylvia it was decided that the best initiative in Brumadinho we could direct the funds would be to:

- Continue the relationship between Avenues and the schools in Brumadinho.
- Reconnect to the youth from the E.E. Paulina to support their ideas and plans for projects.
- Organize workshops on Circles of Inventions and donate the toolkits for the practice to the schools which had expressed interest and where Avenues students had promised the kits.

Partnership with Instituto Catalisador began for the implementation of this plan. A detailed report on what was done and spent will be sent via email early next week.

Reconnecting with Yourth from E.E. Paulina

Circle of Inventions - E.M. Nossa Senhora das Dores - Córrego do Feijão

5 educators

44 Children

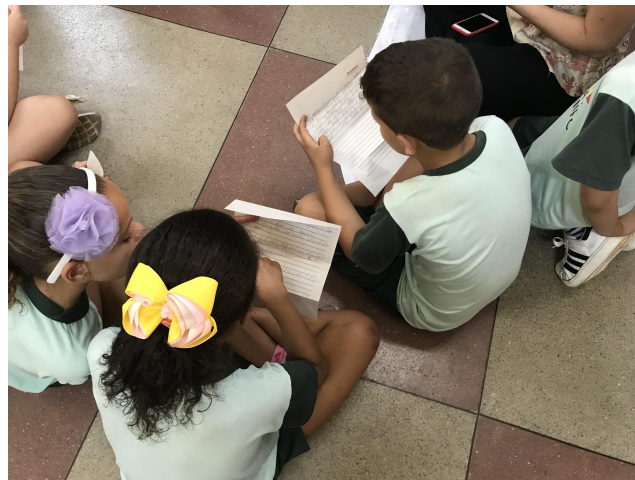

4 students from Paulina

Circle of Inventions - E.M. Padre Vicente Assunção
